

HUNTED TO HIS DEATH.

Lawless Career of James Ward Rogers, An American, Is Ended.

MANY YEARS OF DEFIANCE.

Elephant Poacher and Illicit Dealer In Ivory, He Becomes a Virtual King.

London, Aug. 21.—Hunted down by British soldiers in the depths of the jungles of Central Africa, where for years in defiance of all authority he has pursued the career of an elephant poacher and illicit ivory trader, James Ward Rogers, an American, is dead. He was shot down by a little force of troops which had been sent into the wilderness in pursuit with orders not to return without the outlaw, dead or alive.

The news came formally today to the British colonial office from Capt. C. V. Fox, inspector of Mongalla province, who commanded the expedition. Although told in an official report, the story revealed is one of the most dramatic in colonial annals.

Long Career of Crime.

For years Rogers had carried on his lawless trade, which popular opinion credited with netting him a fortune. The remote regions along the Lado Enclave and Congo boundaries were the scenes of his operations. Time after time British officials of the Sudan had tried in vain to trap him. It was this defiance of years which determined the government to crush the old man. Captain Fox's report shows that in his long operations Rogers has done more than had been dreamed by the colonial office. He had established an organized administration over the wild, tractless country and among the natives was a virtual if uncrowned king.

Success of the outlaw in handling his "subjects" and in pursuit of his trade drew from Captain Fox in his report the tribute that Rogers' work was worthy of a better cause.

CAPT. T. W. T. RICHARDS DIES AT LOS ANGELES

Member of Mosby's Brigade Expires as Brother Arrives From Louisville.

Los Angeles, Aug. 19.—Capt. Thomas W. T. Richards, an officer of the Confederacy under Gen. Mosby during the Civil War, died Sunday morning at his home, 114 Orange street, Glendale, of acute nephritis. He was 72 years old, and until a year ago had been actively engaged in business.

He leaves a widow, two daughters, May and Eleanor, and a son, Thomas. His only living brother, Judge A. E. Richards, formerly City Attorney of Louisville, arrived in Glendale only in time to be recognized and greeted before Capt. Richards' death. They had not met for twenty years.

In 1869 Capt. Richards married Miss Nellie Towns, of Kentucky, and in 1887 he chose another Kentucky girl, Miss Mary Henry, of Hopkinsville, for his second bride.

Out in Kansas.

Roosevelt presidential electors were chosen by the republicans in the recent primary in Kansas by a plurality of 34,000 over the Taft electors, according to official figures given out by the secretary of state.

Although Gov. W. R. Stubbs won the republican nomination for United States senator and Hugh Farelly the Democratic nomination.

SALVATION ARMY LEADER

Died in London, England, Tuesday at Advanced Age of 83 Years.

WAS KNOWN WORLD OVER.

Septic Poisoning, Following an Operation for Cataract, Cause of Death.

London, August 21.—The Rev. William Booth, general and commander-in-chief of the Salvation Army, died at 10:13 o'clock last night. He was born at Nottingham in 1829.

Twelve weeks ago Gen. Booth underwent an operation for the removal of a cataract from his left eye. For two days after the operation indications justified the hope of the general's recovery. Then septic poisoning set in and from that time, with the exception of occasional rallies, the patient's health steadily declined.

The aged evangelist died at his residence, the Rookstone, Hadleywood, some eight miles from London, where he had been confined to his bed ever since the operation. Present at the bedside when the end came were Mr. and Mrs. Bramwell Booth and their daughter and son, Adjutant Catherine Booth and Sergeant Bernard Booth; the general's youngest daughter, Commissioner Mrs. Booth-Helberd and Commissioner Howard, Col. Kitching and Dr. Wardlaw Milne.

TOBACCO PROFITS SHOULD BE LARGER.

Improper Methods Accountable For Small Return, Say Government Experts.

Washington, Aug. 21.—Tobacco planters throughout the United States should make larger profits than they do, according to department of agricultural officials who have been studying the question. Planters now receive about \$100,000,000 a year for their average crop of 1,000,000,000 pounds. Their profits should be much greater, say the officials.

Improper cultural methods keep the product down to one-third of what it should be, the experts declare. In the Connecticut valley, where the soils are maintained in a high state of fertility, yields of 2,000 pounds and more to the acre are common, it is pointed out, while on similar soils in many of the manufacturing and export districts the average yield is scarcely one-third of this.

The one crop system, instead of rotation, is one of the improper cultural methods, it is said, which is responsible for this condition.

The use of unadapted varieties or strains of tobacco, damaged by insects and disease, an imperfect knowledge of the principles that apply to the process of curing, fermenting and handling the leaf, are given as other causes of small profits to the farmer.

DIES FROM PELLAGRA.

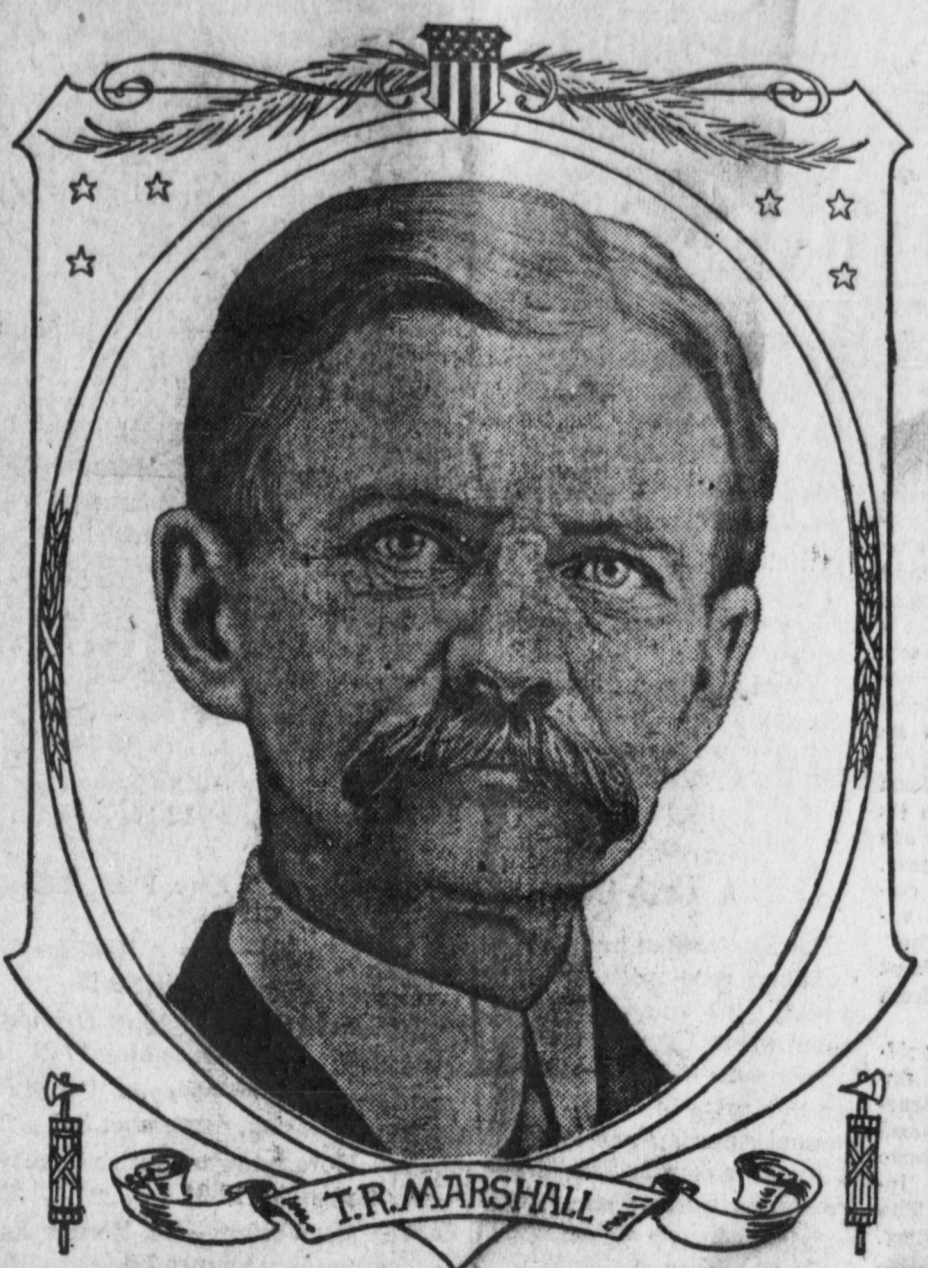

Second Death From Disease At Madisonville.

Madisonville, Ky., Aug. 19.—Mrs. Sallie Hunter, 32 years old, wife of W. D. Hunter, died here this morning, after a long illness, death being caused by pellagra. This is the second death that has occurred in this city from this disease, a young lady having died from it about two years ago.

MARSHALL IS NOTIFIED OF HIS NOMINATION

So Great Was the Crush of the Crowd That the Grand Stand Collapsed and Many Persons Were Hurt—Speech of Notification By Judge Parker.

Indianapolis, Ind., Aug. 20.—Five persons were injured seriously and forty bruised and cut in the collapse of a grand stand seating 300 persons in University Place this afternoon during the informal notification of Gov. Thomas R. Marshall of his nomination as Democratic candidate for vice-president. Those injured were quickly carried into the Indiana Democratic club near by or taken to hospitals and the notification ceremony proceeded.

Many men prominent in national politics were in imminent danger of injury. On the front row of the stand among others were former Vice-President Fairbanks, Lewis Nixon, of New York; United States Senator Gore, of Oklahoma and Thomas Taggart. They all escaped injury.

Soon after Mr. Taggart had quiet-

ed the crowd, Mr. Parker resumed his speech and was followed by Gov. Marshall in his speech of acceptance. After the outdoor ceremony, guests of the Indiana Democratic club were taken to Gov. Marshall's home, where the Governor and Mrs. Marshall held a reception.

Parker's Speech.

In notifying Governor Marshall of his nomination, Judge Parker took his text from Governor Wilson's notification speech wherein is considered the partnership between government and privilege.

Gov. Marshall's Address.

In accepting the nomination Gov. Marshall attracted the Republican party on the ground that it had fostered special privilege to the point of making men everywhere socialist in theory, if not in conduct.

NEW ALIGNMENT.

Beckham and Allie Young Aspire To Leadership of Rival Factions.

Louisville, Ky., Aug. 21.—The Democratic house in Kentucky is divided against itself. The certainty of election of Woodrow Wilson as President has forced a realignment of administration leaders and warm rivalry is springing up among the newly created factions in contemplation of grabbing control of the organization in the state and dictating distribution of federal patronage in the event of Democratic national success. The story runs that the intense cordial existing between former Gov. J. C. W. Beckham, Gen. Percy Haley and Tom Rhea, the latter of Russellville, on the one side, and Judge Allie Young of Morehead, J. C. C. Mayo, J. N. Camden and Rufus Vansant, on the other, has been severed. Gov. McCreary has a firm seat on the fence. The Beckham faction is said to be in high favor with Wilson's campaign managers.

Tom Now Knows It.

Judge Alton B. Parker, of New York, Tuesday officially notified Gov. Thomas R. Marshall of his nomination for Vice President of the United States from the Democratic ticket.

THE THIRD ALL RIGHT.

Here's Something That Will Please the Col's. Friends Everywhere.

The many friends of Col. Jouett Henry here and everywhere will read with pleasure the following extract from a recent issue of the Daily Anniston Star in its concluding article relative to the National Guard encampment at that place:

"The Third Kentucky regiment, under command of Col. Henry, passed a splendid inspection—in fact it was the talk of camp that the equipment of this regiment was in about the finest condition of any soldiers in camp. Col. Henry is an excellent soldier and gentleman."

Bob Mahon Acquitted.

Elkton, Ky., Aug. 21.—At an examining trial held by County Judge P. O. Duffy, Bob Mahon, who killed Clarence Higgins at Cedar Grove church Sunday, Aug. 11, was acquitted. The proof was clear that Mahon was provoked to killing Higgins. Mahon received a bad wound on the head from a rock thrown by Levi Higgins, uncle of the dead man. Mahon has been in jail since he surrendered to the authorities, suffering from the wound. The doctor thought the skull was crushed, and it was doubtful about his getting over it.

BUILDINGS ON PARK

Were Sold At Public Auction Last Tuesday Morning At 9 O'Clock.

SOLD AT \$629.50 SEPARATELY

The Grounds Are To Be Cleared Off Within The Next 30 Or 60 Days.

The buildings on Virginin Park were sold at public auction at nine o'clock Tuesday morning, a large crowd being present and the bidding being spirited.

The residence, kitchen, smokehouse, cottage, stable and fences were sold separately and then offered as a whole, but no bid was received equal to the aggregate of \$629.50 and the separate sales were allowed to stand. In detail the prices realized were:

Dwelling, Dr. J. E. Bell.....	\$285.00
Kitchen, Geo. Leavell.....	65.00
Smokehouse, Max Meyer.....	25.00
Cottage, Ed Glass.....	75.00
Outhouse, Geo. Taylor.....	9.00
Two Pits, Jno. Charlton.....	2.50
Lattice Fence, Geo. Taylor.....	31.00
Picket Fence, Max Meyer.....	5.00
Plank Fences, Flaherty.....	18.00
Stable, Mat Moore.....	114.00
Total.....	\$629.50

The sales were sold subject to certain conditions. Thirty days are allowed, with not to exceed 60 days for moving. The high garden wall on Ninth street is to be removed to a height of two feet and the small buildings may be moved whole, all necessary permits to be given. The foundations go with the buildings, but concrete steps and walks were not sold. The cisterns are left to be sold privately. Also the grape arbor will not be disturbed for the present. All removals are to be made without damage to trees, shrubbery, flowers, vines, statuary, ornaments or fences enclosing the place.

The sale is regarded as satisfactory, as the property sold had been appraised at \$500.

Auctioneer J. W. Williams made the sale under the personal direction of the Park Committee composed of Mayor Meacham and Councilmen Dabney, Haydon and Metcalfe.

RICHARDS TELLS OF JUMP RECORD.

Olympic Hero Explains His Great Victory At Stockholm Over Horine.

Salt Lake City, Utah, Aug. 21.—In his own story of the winning of the world's high jumping championship at Stockholm, told to friends on his return here, Alma W. Richards declared that his victory over Horine was not due to Horine's "form."

"In America," he said, "a slim cane pole is used for a bar and when Horine jumps he bends the bar down but so skillfully that it does not fall from the pegs. At the Olympic games they use sticks an inch and a half thick and held by very short pegs so that the slightest touch knocks it off, requiring an absolutely clean jump."

CRACK SHOTS SOLDIER BOYS

Will Go To Earlington Next Week For Target Practice.

PICKED TEAM OF FIVE MEN

The Pistol Contest Will Be One Of The Interesting Features.

Next Monday the Company D team of the Third regiment will go to Earlington for target practices. The team is composed of the following members, including Capt. E. W. Clark:

FOREST BOYD,
JACK TANDY,
ARTHUR BOYD,
CECIL ARMSTRONG,
WALTER BOHANAN.

One of the most interesting contests to be engaged in by officers and men is the pistol contest. Company D has several good pistol shots and the contest will be quite spirited and we expect the home team to win more than one prize.

These men are the best shots in the company, while their Captain is one of the best shots in the regiment.

Col. Jouett Henry is the executive officer of the range.

REGIMENTAL TEAM.

Following the above there will be a contest by Col. Henry's staff. This team is composed of the following officers:

Capt. GORDON NELSON,
A. G. CHAPMAN,
C. HENRY TANDY,
H. W. ROGERS, Earlington.

Major BERRY, Morganfield.

The prizes for the best marksmanship in these two contest are valued and include \$150 in money and gold medals. Every marksman that reaches a certain percentage will receive a gold medal.

GOVERNMENT MATCH.

There is another match to be pulled off at the range, namely the Government match.

Uncle Sam is anxious for his soldiers to make good marksmen and steps in and offers luring prizes to be contended for in the way of a \$50 bill for the first best and a gold medal for each of the next best shots.

The officers and men will all contest and the five best marksmen then engage in another contest called.

THE STATE TEAM.

This team is made up of the best shots in the three regiments of the State Guard.

Gov. McCreary is much interested in this contest and has offered some valuable prizes to the most perfect shots.

The members of the different teams while away will draw regular pay, railroad fares are paid by the Government and the contestants will be furnished with camp equipment and rations.

It is something more of a picnic than the National Encampment at Anniston and those who are selected to enter the contests will have about an equal division of time to work and to play.

Hanbery At Princeton.

Princeton, Ky., Aug. 21.—A large crowd heard Max Hanbery, of Cadiz, expound the doctrine of the Progressive party Monday. After the speaking, sixty men, members of the Progressive Club, of Caldwell county, were enrolled. Mayor Thomas N. Hazelp, of Paducah, also billed to speak, failed to keep the appointment.

WATER TOYS OF THE EAST

Remarkably Ingenious Are Playthings
Provided for the Children of
the Orient.

Europe and America turn out, for the edification of their children, many ingenious toys, but the Occidental youngsters have nothing to compare with the strange expanding water-toys with which the children of the far east have for centuries amused themselves.

These are placed in small wooden boxes similar to the little paint boxes so often seen in our own country. They have the appearance of soiled shavings, broken matches and dilapidated toothpicks, but when thrown into the water the ingenious toys at once exhibit properties that show them to be considerably more than mere bits of stick. The wood of these toys has been kiln-dried, and immediately, it touches the water it begins to absorb the water and to expand almost indefinitely. As it increases in size it separates and suddenly opens, becoming a very pretty toy. One stick will change into a flower pot containing, it may be, a rose bush in full bloom. Another becomes an obese mandarin carrying an umbrella. Still another will take the form of a sea serpent, very ferocious in its tiny dimensions. Then, too, there are toys which show as whales, tigers, crocodiles, etc. The figures are colored and present a bewildering variety in design and treatment. Their manufacture is a trade secret, kept inviolate by the guild that turns them out by the thousands.

For older children there are provided larger and even more artistic figures, consisting of historical characters—rulers, poets and soldiers—and dwarfed trees and tiny houses, whose doors and windows are full of inmates, are also among this class. The more ordinary kind cost a mere song, but the finer toys are quite expensive.

In the United States the danger of putting pencils in the mouth has long been recognized, and in all the schools every precaution is taken to prevent the interchange of pencils as well as the moistening of them with the lips. Once at Least.

Addison Mizner, the noted vogueur, told, during a visit to Atlantic City, a story about a beautiful young widow. "In her white bathing suit," he said, "with her blond hair and her supple grace, the widow is certainly not—ha, ha, ha—the widow is certainly not a miss. Two show girls discussed her rather enviously as she glided past them in her rolling chair the other day. 'She looks so demure,' said the first, 'and she is so rich and so beautiful—I wonder if she ever had a joy ride!' 'Oh, I'm sure she had,' said the other show-girl, 'when she attended the sepulture of her octogenarian millionaire husband.'"

THREE THINGS YOU NEED..

First—
"Kentuckian"
A virile, newsworthy newspaper with the interest of the entire community at heart. Issues of the day are handled without fear or favor. You will find in this paper an up-to-date department for each member of the family. Clean, honest, straightforward—it is a paper you cannot do without.

Second—
Technical World Magazine
Is the one magazine that not only entertains in a fascinating manner, but which also instructs. It is the magazine for the busy business man, or for the person who wants to kill away a summer afternoon, and be agreeably informed at the same time. It is profusely illustrated, and tells in a simple and interesting way of the discoveries of scientists, the achievements of inventors, the feats of engineers and explorers, and the opening of every new field of human endeavor. What Jack London says—"I have just chanced upon my first copy of TECHNICAL WORLD MAGAZINE. There isn't anything like it. I want more, and I cannot wait for them to come, so I am sending you herewith check for which please enter my subscription and send me immediately the last two years' back numbers."

Third—
A Fine Atlas
This one is just off the presses. This is the year to obtain a new atlas. The 1910 Census has just been completed, this atlas contains the official figures, 128 pages of 3 color maps brought right down to date—every map giving the results of the most recent surveys. All railroads are shown and named and maps of all large cities are included. There are 21 double page maps showing in detail portions of the U. S. and Canada. Dimensions 10 1/2 x 13 1/2. Bound in stiff linen—Silver Leaf Title—printed on heavy plate paper. Sells regularly for \$3.00. A splendid gift.

Improved Educational Conditions From an Investment Standpoint

By JOHN B. McFERRAN, Chairman Educational Committee, Louisville Commercial Club

Satisfied with the educational situation in the state, I am more than ever impressed with the absolute necessity for a radical change in our viewpoint concerning the subject. We have been viewing the schools rather as a necessary evil, an expense to be kept at the minimum of cost. The logical result has been largely attained—cheap houses, cheap grounds, cheap equipment and in too many cases cheap teachers, cheap trustees, cheap county boards and cheap county superintendents.

In fact, so long has this policy prevailed that we have dwarfed everything pertaining to our schools, even our educators, and most of all ourselves, the average citizens. The whole outfit is a cheap and inadequate thing for the twentieth century. OUR SLIPSHOD AND CHAOTIC SYSTEM, IF SYSTEM IT CAN BE CALLED, POSSIBLY ANSWERED FAIRLY WELL THE NEEDS OF FORTY OR FIFTY YEARS AGO, but everything else has moved tremendously within that time and moved with the greatest celerity and momentum.

With our schools here in Kentucky we have practically stood still, trusting to luck or some other mysterious power to supplement our indifference and neglect. Not so with other more prosperous and progressive states, fully recognizing the value and importance of their children. With enlightened zeal and intelligence their tendency has been to crowd all the money into their schools that could be judiciously used, looking upon it as a wise, businesslike proposition, a most profitable investment, and so it has proved, states younger and no more favorably situated, with really inferior natural resources, surpassing us in material wealth two and three fold.

BEFORE WE CAN MAKE THE NEEDED AND DESIRED PROGRESS WE MUST GET THE VIEWPOINT THAT IT IS NOT ONLY OUR HIGH AND HOLY DUTY, BUT MOST PROFITABLE, TO SEE OUR CHILDREN AND THEIR SCHOOLS FROM THE INVESTMENT SIDE AND PROVIDE GENEROUSLY THE FINANCIAL AID THAT IS IMPERATIVELY NEEDED.

Furthermore, we must awaken out of our apathy and see that this money is used to the best advantage and not frittered away by incompetence or graft. We have been furnishing two and a half to three million dollars per annum for our schools for a number of years. What number of citizens have at any time taken the slightest interest to know how this money was being expended? There seems to have been great waste. WE HAVE ALLOWED THE INTEREST OF OUR CHILDREN TO DRIFT INTO POLITICS AND INTO CONFUSION. IT IS HIGH TIME TO CORRECT THIS.

Dumb Chills and Fever.

Douglasville, Tex.—"Five years ago I was caught in the rain at the wrong time," writes Miss Edna Rutherford, of Douglasville, "and from that time was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four different doctors, but got no relief, so I began to take Cardui. Now I feel better than in many months." Cardui does one thing, and does it well. That's the secret of its 50 years of success. As a tonic there is nothing in the drug store like it. As a remedy for women's ills, it has no equal. Try it. Price \$1.00.

RACE PROGRAM IS VERY STRONG

This Department of State Fair Under L. B. Shropshire Promises Big Interest.

THE SIX BIG STAKE EVENTS

Six Purse Events, Six Running Races, Gentlemen's Cup Race and Lady's Cup Race Among Star Features of Program.

From a racing standpoint, patrons of the Kentucky State Fair, the week of September 9-14, will be well provided for, as the program, which has been arranged by L. B. Shropshire, assistant secretary of the fair, is one of the best seen in Kentucky in years. He has arranged for six stake events for trotters and pacers, valued at \$600 each, and, in addition, he has provided for six running races, one for each day of the fair, and a Gentlemen's Cup race and a Gentlemen's Riding race, the last-named two to be decided the closing day of the fair. Among the stake races will be one for two-year-old trotters, one for three-year-old trotters, one each for 2:12 trotters, 2:25 trotters, 2:13 pacers and 2:25 pacers. The purse events will consist of one each for free-for-all trotters, 2:18 trotters, 2:15 trotters, 2:20 trotters, 2:12 pacers, 2:17 pacers and one for free-for-all pacers.

During the past two years the racing feature of the fair has proved one of the most interesting of any attraction provided by the management, and because of that fact it became apparent to Secretary J. L. Dent that better facilities would have to be provided for caring for the patrons of that particular feature. With this idea in view, the very first contract entered into by Commissioner Newman and Secretary Dent was with contractors for the enlargement of the grand stand, and when the gates are thrown open the morning of September 9 just twice as many people will be cared for in the race track section of the grounds as formerly. The new addition to the grand stand will be of re-enforced concrete, similar in every respect to the original part of the big stand, making it one of the largest as well as one of the most substantial grand stands in the country. Here can gather thousands of Kentuckians to renew old acquaintances as well as to witness the sport that is dearest to the heart of every native born son and daughter of the old Commonwealth. Unlike many of the race tracks of the country where trotting and running races are operated simply for the benefit of the track owners, the sport furnished at the State Fair can readily be designated as that of the "King of Sports" as the management of the fair has no idea of reaping any reward except that which comes from a good word passed around by its patrons. Therefore all races are decided strictly on their merits and in each instance the best horse wins. That some of the best horses in training on the tracks of Kentucky and other states will participate in the trotting and pacing events on the program this year is demonstrated by the fact that already owners have applied for stable room for the week and have made numerous entries to the stake events.

Under the arrangements provided by Assistant Secretary Shropshire one stake event and one purse race will be decided each afternoon during the week, in addition to which will be one running race each day. As all events for trotters and pacers, with the exception of the two-year-old events, will be three in five heat affairs it is needless to say that each afternoon will be crowded full of good sport for the fair patrons.

NEW JUDGING PAVILION

At the Kentucky State Fair, Louisville, September 9 to 14, inclusive.

A great improvement over former years, in the method of handling exhibits at the Kentucky State Fair, is the erection of a new pavilion for the judging of live stock. In this building all swine, sheep and goats will be judged. It will also be used for the Student's and Farm Boy's Judging Contest.

One side of the building will be fitted for swine and sheep judging arena, and the other for the Student Judging. In this way the public will have an opportunity of seeing and comparing exhibits in these departments with the same degree of pleasure and satisfaction as those who witness the contest for honors in the horse, mule, jack and cattle rings in the magnificent Coliseum or main building.

The new building will be well lighted, fully protected from sun or inclement weather, and will have seating capacity for all interested spectators. In short, it will be a miniature State Fair within itself.

INTERESTING CIRCUS DATE.

Figures Which Indicate the Size of Ringling Brothers' Big Show.

Some idea of the magnitude of Ringling Brothers' circus which will exhibit in Hopkinsville on Saturday Sept. 7, may be had by glancing at a few figures. The train upon which the show travels from town to town is composed of eighty-five double length railroad cars. The show covers fourteen acres of ground. It employs 1,280 people. Among them are the citizens of twenty-nine nations.

In the show's stables there are 650 horses. In the menagerie are forty elephants and 1,000 other wild animals. The parade is three miles long. The performance is given by 375 artists. There are fifty clowns. The daily expenses of the show are \$7,500. Nearly \$4,000,000 is invested in the circus. Winter quarters are maintained at Baraboo, Wisconsin, and foreign workshops at Stoke-on-Trent, England.

The company maintains offices in Chicago and in New York City. It has foreign agencies in Berlin, Hamburg, Paris, London, Melbourne, Constantinople, Peking and Johannesburg. It has trapping and hunting expeditions that travel out of four cities in Africa and from three remote points in South America.

In a single season the show travels 40,000 miles. It has in one summer toured from Maine to California and from Canada to the Gulf, giving over 400 performances in thirty-five states and territories.

Over 3,500 meals are cooked and served every day in the canvas hotel on the show grounds. A corps of seventy chefs, cooks, waiters and kitchen helpers is necessary to look after the comfort of the show at meal times. It is not unusual for 5,000 pancakes to be baked and eaten at a single breakfast. There is a dynamo plant on the grounds that furnish current for 6,000 incandescent lamps, arc lights and beacons. It also furnishes power for various shops.

There is also a postoffice in "Ringlingville." Mail is received there every day from nearly every country on earth. The show carries its own doctors, lawyers, dentists and force of detectives.

The immense portable stage upon which is presented the great spectacle of "Joan of Arc" is one of the theatrical and circus marvels of the age. It is bigger than a hundred ordinary theatres—big enough to hold 1,200 characters, a grand opera chorus, ballet of 300 dancing girls, 600 horses and tons of scenery and properties. The stage crew numbers fifty electricians, fifty scene shifters and forty property men. There is an orchestra of 100 soloists to play the incidental music for the spectacle.

Ringling Brothers' circus is twenty-nine years old. In April of 1883 the five showmen gave their first performance on the public green of their home town, Baraboo, Wisconsin. They had but one horse and their tent was home made. The seat planks were borrowed from a lumber yard. The started without financial capital. To-day they are managers and equal owners of the greatest circus in the world.

WILSON'S SPEECH HIGHLY PRAISED

Press and Public Men Join In
Chorus of Approval.

DISCREET, ABLE, SAFE, SANE.

"Will Impress the Country Favorably,"
Declares William Jennings Bryan.
"Admirable Pronouncement," Says
Champ Clark—"Appeals Strongly to
Every Legitimate Business Interest,"
Declares John W. Kern.

An Admirable Speech.

Gov. William J. Bryan—"Governor Wilson's speech of acceptance is admirable. It is original in its treatment of the issues of the campaign. I am sure the address will impress the country favorably."

Appeals Strongly to Every Legitimate Business Interest.

John W. Kern, Senator From Indiana—"Governor Wilson's speech of acceptance is a masterpiece, setting forth with great clearness his conception of the work to be accomplished by the Democratic party under his leadership. It is in complete harmony with the progressive sentiment of the country, but also appeals strongly to every legitimate business interest."

Will Take High Rank.

Champ Clark, Speaker of the House of Representatives—"Considered from a literary standpoint, Governor Wilson's speech of acceptance will take high rank in the political output of the year. It will make pleasant reading and therefore will prove a fetching campaign document. He discusses the issues of the day philosophically, clearly and forcibly. Its courteous tone will allay opposition and win him friends. It is an admirable pronouncement."

Battle Hymn of Democracy.

Senator Gore of Oklahoma—"The closing sentence of his speech will become the battle hymn of Democracy in the pending campaign: 'I thank God and take courage.' It is at once a paean of praise and a summons of patriotic duty."

Discreet, Able, Safe and Sane.

John E. Lamb, ex-Representative From Indiana—"Speech is discreet, able, safe and sane. Governor Wilson believes in the efficacy of the scalpel rather than the big stick. His dissection of trust and tariff evils is unique and convincing. His suggestions of reform in methods of government and reduction of tariff schedules will meet with approval of legitimate business and the laboring masses as well."

Points the Way For Justice.

Hoke Smith, Senator From Georgia—"I am delighted with Governor Wilson's speech of acceptance. It is a superb statement of the present purpose of the Democracy and points the way for justice to all through real progress by law under the constitution. With his election assured, it should give confidence to honest business and new courage to those who need a square deal."

Lays His Soul Bare.

John F. Fitzgerald, Mayor of Boston—"Governor Wilson's acceptance is characteristic of the man. He lays his soul bare to the people and asks them to join with him, irrespective of party, in righting present wrongs without undue clamor or injury to legitimate interests. He lays emphasis on constructive thinking, and I believe this epitomizes one of the nation's greatest needs at the present time. It will be President Wilson overwhelmingly in November."

Progressive, but Not Wild.

Thomas Mott Osborne, Auburn, N. Y.—"Governor Wilson's speech fits the occasion and the man—progressive, but not wild; sane, strong and unmistakably Democratic. It makes an inspiring opening of the campaign, indicating clearly and nobly the spirit in which the leaders of our regenerated Democratic party must work: not one of mere 'partisan make believe,' but of honesty and justice toward all men."

Prophetic of Success.

Governor William H. Mann of Virginia—"I think it was an admirable speech. It was wise, conservative, comprehensive, prophetic not only of Democratic success, but of Democratic supremacy for years to come."

Rings True In Every Sentence.

Governor Frederick W. Plaisted of Maine—"It is a splendid presentation of the issues for the American people. It rings true in every sentence and in every word. It represents the spirit of the Democracy of today. It is the address of a statesman."

An Admirable Presentation.

Governor Eugene Foss, Massachusetts—"It was an admirable presentation."

REVISE TARIFF UNHESITATINGLY DOWNWARD.

There should be an immediate revision of the tariff, and it should be downward, unhesitatingly and steadily downward.—From Woodrow Wilson's Speech Accepting the Democratic Nomination.

LABOR AND THE RULE OF RIGHT.

The working people of America—if they must be distinguished from the minority that constitutes the rest of it—are, of course, the backbone of the nation. No law that safeguards their life, that improves the physical and moral conditions under which they live, that makes their hours of labor rational and tolerable, that gives them freedom to act in their own interest and that protects them where they cannot protect themselves can properly be regarded as class legislation or as anything but as a measure taken in the interest of the whole people, whose partnership in right action we are trying to establish and make real and practical. It is in this spirit that we shall act if we are genuine spokesmen of the whole country.—From Woodrow Wilson's Speech Accepting the Democratic Nomination.

tion of the real issues upon which the campaign will be fought this fall. I think that it is bound to strengthen Governor Wilson among the thinking people of the country."

Will Ring Through the Country.

Governor George W. Donaghey, Arkansas—"It was a great speech. It will ring through the country. It is just what he should have said. The people have never felt more confident of success since the first nomination of Grover Cleveland."

Iowa For Wilson.

Judge Martin J. Wade, Iowa—"For the first time since the state was admitted to the Union Iowa will this year give its electoral vote to the Democratic nominee for president."

Jeffersonian to the Core.

John A. Dix, Governor of New York—"Governor Wilson's speech of acceptance is marked with broad vision and clear thought, expressed in language every American can understand. As a business man and manufacturer, I am especially pleased with his positive and statesmanlike position on the paramount issue of tariff reform and his demand for an immediate downward revision. In sincerity, precise statement and comprehensive grasp of great principles and their application of the fundamental needs of the country the speech is Jeffersonian to the core. It contains no appeal to passion and excites no prejudice. Governor Wilson has presented to his party and to the nation clear conception of the truth that the real struggle in the pending campaign is between the concentrated powers of privilege and the aspiration of the American people to realize in their government and their economic, industrial and social relations the full measures of the principles of freedom, justice and progress, upon which the republic was founded. To all the issues and every national need Governor Wilson applies the 'rule of right and common advantage.' The reforms he advocates are far-reaching, but they are necessary, sound and practical. The speech will awaken and stir the national conscience and lead to a triumph that will restore to the people the control of their government and inaugurate a new and happier epoch in the life and development of the republic."

Worthy Leader of Progressive Americans.

Louis D. Brandeis, Boston—"Governor Wilson's speech of acceptance is the utterance of a twentieth century statesman. With keen perception he recognizes the evils from which the people are suffering and the dangers which threaten our welfare. With broad vision he points the way by which those evils may be removed and the dangers averted. He proves his understanding alike of business and of social needs and that he is a Democrat in fact as well as in name, and his courage is undoubted. Progressive Americans have in him a worthy leader."

Equable and Moderate.

New York Sun—"Governor Wilson's speech of acceptance has good luck as well as merit. It comes just in time to contrast sharply with the intemperate bedlamite rant of Th. Denatus Africanus Ferox. And, if without contempt of campus it may be said, though written by a college president very recently retired, it is in the English language, not anaemic and seldom with suspicion of priggishness or donnishness, though it has an air, a certain academic distinction of its own. What will please everybody who has a living to make is Governor Wilson's equable and moderate tone. Governor Wilson is for repair, not for destruction."

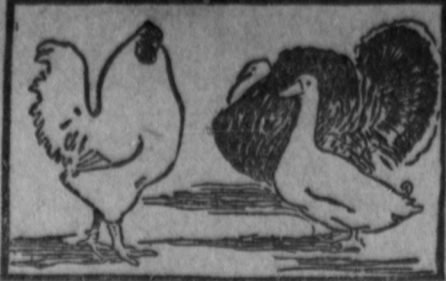

Partnership of the People.

New York Times—"It is applicable. The dominant thought, the very soul of his discourse, is the common interest of all the people, their partnership in our activities and our prosperity. The partnership idea comes from his mind not as a sublimated political theory, but as a practical, immediate remedy."

Straight to the Heart.

New York World—"Woodrow Wilson's speech of acceptance is the ablest, clearest, sanest statement of high public purpose this country has known in a generation. Without passion, without invective, without abuse, without partisan bitterness, without denunciation, without egotism, without demagoguery, he has driven straight to the heart of the supreme issue of American institutions—the partnership between government and privilege."

POULTRY

KEEP LITTLE ONES GROWING

Young Chicks, When Allowed to Range, Are Too Often Neglected—and Become Stunted.

(By N. E. CHAPMAN, Poultryman, Minnesota College of Agriculture.)

Most chicks are well fed and cared for while their mothers are confined in coops; but when allowed to range regular feeding is too often neglected, and as a result growth is retarded and they become what is termed "stunted." It appears from statistics furnished by produce dealers that but seven per cent. of spring chicks marketed weigh four pounds December 1. By this time all the spring stock of the general purpose breeds, like the Rocks, Wyandottes, Orpingtons and Reds, should average at least six pounds live weight. Plymouth Rocks have been made to weigh seven pounds dressed, at Thanksgiving time, by judicious feeding for growth and development while on range.

When the chicks are weaned at six or eight weeks and are on range, their grain ration, with grit and charcoal, may be supplied in hoppers. The hoppers should be so placed or so constructed that the old fowls will not rob the chicks or drive them away. A small inclosure, made of lath and covered with wire, will admit the chicks and keep others from frightening or molesting the chicks while eating. Coops of ample space should be furnished, well ventilated, but secure from the depredation of night prowlers. The coops, utensils and

A Prize Winner.

surroundings should be kept scrupulously clean and sanitary and the flock kept free of vermin.

Cracked corn is one of the best grain feeds for growing poultry. When new corn begins to harden, whether sweet or field corn, it may be "whittled" or shaved from the cob for the eager chicks. On range they will secure bugs, worms and grasshoppers, and pick up grit and bone-making material.

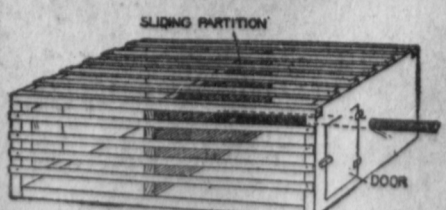

When they have reached full height all those intended for market should be put in fattening crates and fed ground feed and skim milk for three weeks. An average of two pounds per head may be added to the weight of fowls, old and young, by this method at a cost of about five cents a pound. By all means keep the chicks growing, and fatten them before putting them on the market.

PARTITION IN CHICKEN COOP

Found Especially Convenient in Fencing Fowls Toward Door at Either End of Pen.

A good retaining pen from which to sell poultry may be had by building a coop of the desired size and placing in it a sliding partition for use in forcing the fowls toward the door at either end, enabling a person to take out one at a time.

The sliding partition may be used for dividing the pen into two compartments by placing the partition in the

Sliding Partition.

center of the coop, says a writer in the Popular Mechanics. The pole which runs from the center of the sliding partition through a hole at one end of the cage for pulling the partition back and forth may be used also as a roost when it is desired to leave the fowls in the pen for several days for fattening purposes.

Band for Pigeons.

To place a band on a pigeon, hold the hind claw back and press the front claws through the ring; draw the ring close up to the knee joint, and then, when on a level with the extremity of the hind claw, gently pull the hind claw through the ring and the ring will be in position and will not, unless it has been placed on at too early a date, fall.

One of the Number of Metcalfe's Exclusives

This is a cut of Metcalfe's new Prosperity Shaper, which is going such a long way in decreasing the irritation of men folks' necks and tempers, by letting all fold collars be so ironed that tie slides well in collar, and collars are given nice, smooth, oval edge. It is utterly impossible for a collar to crack or break in our laundering process. Our shirt department is one which we feel proud of; not only is work done right, but the shirts are put in Sanitary Covers. Our Dry Cleaning department is in the hands of skilled workmen.

SURELY HAD LIKING FOR DOG

Georgia Wilson Would Pay Fine, but Retained Possession of Her Prized Pet.

Georgia Wilson, negress, was fined \$10 for being disorderly. Charges were made by Patrolmen O'Hern and Perryman, who told Judge Bacon she wanted to whip a man about a dog. "Would you fight over a dog?" asked Judge Bacon.

"I sho' would ovah dis heah dawg." "Why? Is it a valuable dog?" "Nossah, I guess it han't we'th so much, but I done been habin' dat dawg evah since it wah a houn' pup, and I jes' lak it, dat's all. I haid ruther dat man fight and kick me der dick dat dawg."

"Did he kick the dog?" "They say he did."

"This man in court?" asked Judge Bacon.

"No, I understand," began Officer O'Hern, "that the man she is talking about claims the dog."

"Dat's de troof, Judge; he do. De dawg is mine. When it wah a pup dat same man he say, 'Georgia, if you want dat no 'count pup you can hab him. I done tuk de pup home and raised him. He is a big dawg now and I also likes him.'"

"But you oughtn't to fight over a dog."

"Judge, dat niggah man, he dun come to mah house an' say if I didn't gib up dat dawg he gwine ter pull mah hair off."

"Did he make any attempt to pull your hair off?"

"Nossah; I dun dahed him ter tech me; dat dawg he stood right twixt mah feet, and hld undah mah dress. If dat man haid teched me dat dawg would hab chawed his head off."

"Well, I'll have to fine you for cursing and wanting to clean out that neighborhood,"—Memphis News Scimitar.

LAUGH WAS ON PROFESSOR

Interchange of Wit Closed the Controversy With the Honors More Than Even.

At the banquet given by the class in salesmanship and advertising of the Y. M. C. A., Department Secretary Miller told a little story of his Oberlin college days.

It happened in the chemistry class and the professor had just asked Miller to define gravity. The somewhat hurried definition contained the word "pull," and this irritated the instructor. He declared there was no such energy in nature as pull. Whereupon Miller undertook to illustrate his definition by lifting a chair to the level of his chin and then thrusting it straight out.

"One is push; the other pull," he said.

Here was the professor's chance. "I have long suspected," he said, "that Miller considers his chin the center of gravity!"

The laugh that followed was loud and long, the professor leading, and then Miller subsided.

But when the merriment died away a young woman in the front row caught the professor's attention.

"I would like to ask a question," she said.

"Yes, Miss Myers, what is it?" The young woman spoke up very clearly.

"I want to ask whether you would push or pull a radish?"

And that closed the controversy.—Cleveland Plain Dealer.

Underwear de Luxe.

Jack London, the novelist, has ho-bbed it for the fun of the thing, and many are the yarns he tells of that wild, free life.

"On an evening of early summer," Mr. London said at a dinner in Los Angeles, "I sat with a group of hoboes on a quiet 'dump,' cooking a tomato-can of coffee. As we chewed our punk—punk is bread, you know—in the twilight a hobo on my left side said:

"Hey, Nosey, left off your underwear yet?"

"Nosey, who was cutting up stumps for his pipe, answered:

"Well, I shed a doormat last week, but I'm still wearin' a couple o' yards o' carpet."

Home's Where the Heart Is.

Mrs. Maud Ballington Booth, who has just completed her annual prison inspection tour of the South says:

"I believe emphatically that a woman's place is home; but where is her home? Mine is all the way from Boston to San Francisco and from Canada to the Gulf. The question is not what a woman should be allowed to do, but can she do it properly?"

"In this reform—woman suffrage—home is the very watchword, for all the interests of the home, and all the evils that affect the home, are largely dependent upon politics. Women not only should have the power to deal with these, but they could wield it effectively."

"Thunder and Lightning Trip."

A large photograph of Prince Henry of Prussia and Count Zeppelin, the former in the full dress of a German admiral and the other in regulation "day dress," hangs in a room of a Hamburg hotel, where the men posed for the picture. Under the picture is written: "Two famous admirals," and the record of the trip which the friends made in a Zeppelin dirigible balloon from Hamburg to Bremen and return, which, because of the furious storm encountered, has become known as the "thunder and lightning trip."

Roasted Victim Alive.

An almost unbelievably cruel happening has come to light at Hiroshima, Japan. There a man and his wife have been arrested for willfully cremating a live man. The prisoners were in charge of a crematorium, and while at work a faint voice coming out of a coffin begged for fresh air. The couple took no notice, however, and proceeded to apply fire, roasting the man alive.

Useless Worrying.

An old author has remarked that there are two things which it does no good to worry about—what you can help, and what you can't help. The latter, because fretting won't help the matter; and in the former, because it is your duty to go and help it, without fretting.

COST OF SOLDIER'S CLOTHING

Overcoat is Most Expensive Article That Uncle Sam's Fighters Have to Buy.

One place in which it is possible to ascertain with accuracy how much clothes actually cost is in the reports of the war department, says the New York Sun. These tell how much the soldiers have to pay for their clothes.

The soldiers of the United States army wear good clothes—that is, clothes suitable for the purpose for which they are designed and capable of standing a great deal of wear. The new olive drab woolen uniform, consisting of breeches and tunic, costs the soldier \$7.40, \$4.57 for his coat and \$2.83 for his breeches. His linen collar costs 4 cents. His gloves cost 37 cents. His canvas leggings cost 57 cents and he can buy mittens for 30 cents and overalls for 57 cents. His stockings cost as follows: Cotton, 8 cents; heavy woolen, 24 cents; light, 13 cents.

His dress trousers of twenty-two ounce kersey, the material of which is sold to officers at \$2.30 a yard, cost \$3.03, and his dress coat of the same material costs \$5.37. He pays for his khaki breeches \$1.46 and for his khaki service coat \$1.73.

His chambray shirt costs 52 cents, the olive drab flannel shirt \$2.60 and the muslin shirt only 31 cents.

The most expensive item of all his equipment is his olive drab overcoat, which costs \$12.38. These clothes are sold to the soldier at cost plus the expense of storage and in the case of the organized militia with the cost of packing added.

VANITY

"Yassah, I'se settin' out heah in de sun so's I kin git a tan, and folks'll fink I'se done been to de sea-sho' fer a vacation."

BODY KEPT FOR 25 YEARS.

In France there lives an old man who refuses to bury the body of his father, which he has preserved in alcohol since he died. He lives in an old feudal chateau, with high walls and a round stone tower, situated near the little village of Virevols, in the Auvergne. M. Hector Granet, an artist and collector of curios, is the owner of the castle and the mummy. It is 25 years since his father died. At the time the son could not bear the idea of his father being buried, so without embalming the body, simply put it into alcohol. Then he built a mausoleum, a gruesome place with a curious stained glass window designed by himself. Inside the little building is the coffin, full of alcohol, in which rests the perfectly preserved body of M. Granet's father. Through a hole cut in the head of the coffin lid M. Granet can see his father's features. He talks to him, and plays on the accordion the old songs he used to love during his life-time. Beside the coffin containing his father's remains M. Granet has placed another, in which he wishes to be preserved in a similar manner.

WOMAN DIED IN AGONY

Pinned Under Auto, Begged Husband to Shoot Her.

Petaluma, Cal., Aug. 21.—Mrs. E. W. Mason lay in the road beside their overturned automobile fatally injured and begged her husband to end her agony by shooting her. Ten minutes later death relieved her.

When Mason lost control of his car and it veered into a ditch and overturned, Mr. and Mrs. Mason were pinned under it. Mason could reach his horn and sounded it repeatedly before some farmers heard the call. His wife was dead before help came. Mason will live.

Last Series of League Ball With Evansville Now On.

TO DAY'S GAME AT HOWELL.

Saturday's Contest Last to Be Played Here of Scheduled Games.

The Cairo series of games, interrupted by rain, was finished yesterday and Evansville comes to-day for the last series on the local diamond. By arrangement the game to-day will be played at Howell, Ky., as a feature of the big association rally and free barbecue. A diamond has been laid off in Olney Wilson's field and at least 500 people are expected to pay a quarter to see the Moguls mop up with the Yanks. Tomorrow and Saturday the last games will be played and if the game today is stopped by rain one of the other games will be a double-header.

BIG DAY PLANNED SEPT. 2

But Hopkinsville Carpenters Are Too Busy To Stop Work.

Preparations are under way by the Clarksville Carpenters' Union for a big celebration on Labor Day, the plans being to have a barbecue, street parade and address by some able speaker on labor. Fifteen large carcasses have been purchased for the occasion. An invitation has been extended members of the unions at Paris, Springfield and Hopkinsville.
